Information for Prospective Members

(i) Application Form, (ii) Case Synopsis, & (iii) Preliminary Complaint Form

Dear Prospective Member;

Thank you for your enquiry. Please find enclosed a confidential application form with attachments.

(i) It is important that you furnish us with as much detail as possible so that we can communicate with you efficiently. Application Forms without full contact details cannot be processed.

(ii) The 2-page synopsis form is designed to help you tell your story clearly and succinctly, and provides us with a manageable document for our own administration purposes. If your story is long or very complicated, you should break it into separate parts and submit new synopsis forms for each different part of your story. Separate forms are available online. It is better that you send multiple synopses that *clearly* explain each event, rather than submit one complicated synopsis that may be difficult to understand or process. We are happy to receive multiple submissions.

(iii) Please also find attached a one-page 'preliminary complaints form' for our secure HAFTA database. Additional forms are available on the I-I website. More detailed I-I complaint forms will be sent to you *after* you are confirmed as a member. In the meantime and to keep the administration process manageable we ask that members and prospective members contact us through the website, by email, or by post at the address at the foot of the Application Form. If you are not set up to receive emails and to use the facilities on our website, you will not be able to receive the full benefits of membership, so please consider this before applying. We ask that members do not contact the administrators by phone except in an emergency, thank you.

Seven-Minute Synopsis (please follow the instructions on the right carefully to assist our administration process)

1. Background details:

2. Names and positions of the main authority figures or institutions with whom you have had problems:

3. How and why your problems started / the beginning of your story:

1. You ***DO NOT*** need to write your name anywhere on this form. Introduce yourself in general terms stating your background, your occupation, where you live, and anything else that sets the backdrop to your case or will be of interest to other members.

2. These details should also go on the HAFTA database form (attached) so you can link up with members who have had difficulties with the same authority figures. If you need more space for names, it may be appropriate to start another new synopsis explaining the problems you had with these additional persons as a separate story.

3. The circumstances that led to your story: were you the victim of an attack of some sort? Was a crime committed against you? Did you 'cross' some 'connected person'? Were you charged with an offence? When, where and how did your problem begin? (This part of your story may be merged with part 4 or continued overleaf if you wish).

4. Your main case synopsis / your story:

4. Try to keep your story succinct and to the point. Explain things in chronological sequence; "this happened first, then that, and then that" for example. Focus on the wrongs that were done to you and the effects these experiences have had on your life. Remember that this form is designed for a maximum 7-minute synopsis that can be read out at meetings or summarised on the website or on video. Longer stories need to be broken into 7-minute chapters.

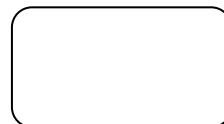

5. Complaint departments/ statutory authorities / oversight bodies you have approached to complain:

5. List the people, departments or institutions you have brought your complaints to. This might include Gardai, the Courts, TD's & Ministers, the GSOC, IHRC, the media etc..

6. Conclusion: *(In your own words, what you feel needs to be done about the situation?)*

For I-I use only

7. I attest to the truth of this synopsis by initialising this box.
